## GENERAL NEWS SUMMARY.

### WASHINGTON NEWS.

The second trial of John A. Surratt is fixed for Tuesday, May 13th. General Sherman left Washington on the 19th for Fort Laramie, to resume his duties as member of the Indian Peace Commission. The President, on the 24th, withdrew the nomination of Thomas Ewing as Secretary of War, by sending to the Senate the nomination of John M. Schofield. Fractional currency issued for the week ending April 18th, \$375,000; destroyed, \$301,000. National Bank notes issued, \$70,000. Receipts from internal revenue for the week, to same date, \$133,455.48.

### FOREIGN INTELLIGENCE.

Sir Morton Peto and Mr. Laurence Oliphant have resigned their seats in the House of Commons.

A London dispatch of the 21st says that the Government has not been released on the terms granted to the other prisoners, and consequently has not sailed for America.

The trial of the Fenian prisoners, Desmond, English, O'Keefe, Barrett and O'Donoghue, accused of causing the Clerkenwell explosion, commenced in London on the 20th.

General Napier, in a dispatch received in London on the 19th, requested a heavy remittance of treasure, as he anticipated that his communication with the coast would be frequently interrupted during the rainy season.

John Bright presided over an immense audience of anti-Toryists, at Spurgeon's Church, London, on the night of the 23d. Mr. Bright made an eloquent speech on the Irish Church question. Resolutions favoring the disestablishment of all religious sects in Ireland were adopted.

The Colorado school was progressing at Albany on the 24th.

The Universalist Church at Binghamton, N. Y., and two adjoining buildings were burned on the night of the 20th.

The press banquet to Charles Dickens, given in New York, on the evening of the 18th, is pronounced as having been a very pleasant and enjoyable affair. Horace Greeley presided.

In Lowell, Mass., on the 20th, the veterans of the old 6th Massachusetts regiment celebrated the anniversary of their memorable march through Baltimore, by a parade, creation and dinner.

One of the matrons of an Orphan Asylum, in Brooklyn, N. Y., has been arrested for punishing, for misbehavior, a boy ten years old, by pouring kerosene oil over his person and setting it on fire. The boy was badly burned.

A New York dispatch of the 20th says that the Erie war is practically ended. "The terms of the compromise are comprehensive, embracing all possible sources of disagreement, and calculated to make the two railroad autocrats faster friends than ever."

The West.

By order of the Executive Committee, the Illinois State Sabbath School Convention will meet at Du Quoin, May 25, 26 and 27.

A dispatch from Omaha on the 23d announces that the 560 miles West of Railroad was then finished 900 miles west of that point.

On the 23d, the boilers of a steam mill at Manistee, Michigan, exploded, instantly killing eight of the workmen and severely wounding four others.

New Mexican papers report the Indians in the vicinity of Fort Stanton very troublesome. They have killed several settlers and run off a large number of cattle.

The Ohio Female College at College Hill, six miles from Cincinnati, was destroyed by fire on the 23d. Loss, \$100,000. The college school will be continued in a neighboring building.

A San Francisco telegram of the 23d states that news has been received of Indian outrages and murders, committed at Rio Rock Ranch, Nevada, on the 17th and 18th. A number of Indians in Arizona. St. Paul, Minn., was visited by a destructive fire on the morning of the 21st. The McKim block—a four-story building—a brick boarding house, and three frame buildings were burned down, inflicting a loss of \$100,000.

A Cheyenne dispatch received in St. Louis on the 24th says the Indians attacked a party of laborers in the Black Hills on the 23d, and killed four of them. They also captured six teams belonging to a train.

On the evening of the 23d, the second floor of a building in Chicago, in which a Fenian meeting was being held at the time, gave way, precipitating the audience—about 1,000 persons—into the cellar below. One man was instantly killed, and several injured, some of whom, it was thought, would die of their wounds.

Further Indian outrages are reported as having occurred in Docton Territory last month. Murders had been committed and ranches burned. The news from Fort Laramie, received in Cheyenne on the 19th, shows that the prospects in that section are unfavorable for peace. An Omaha dispatch of the 19th says troops are being distributed at the stations of the Union Pacific Railroad, and on the line of the road in the mountains, for the ample protection of the traffic and labor.

A disastrous fire occurred in St. Louis on the 23d, by which one of the best business blocks was destroyed, together with a large amount of stock. The fire originated at the wholesale drugstore of Blow, Curd & Co., near the corner of Olive and Main streets, destroying nearly the whole block on the west side of the street. So intense was the heat that the buildings on the opposite side of the street were severely damaged, and much damage was done to the contents by fire and water.

The South.

General Schofield, on the 24th, issued an order indefinitely postponing the election in Virginia.

General Grant received a dispatch from General Canby, on the 20th, informing of the success of the new Constitution in South Carolina.

Fourteen business houses in Pulaski, Tenn., some of the best in the place, were burned on the morning of the 23d, together with much of the contents. Loss, \$100,000.

It is announced that Governor Brown

low, at the request of the candidates for Congress, has consented to postpone the Tennessee election until November, and will issue a proclamation to that effect.

According to the news received in Chicago on the 24th, the majority for the Unionist in South Carolina would exceed 30,000. One Democrat and one Republican are elected to Congress from the New Orleans parish—Conway, Democrat, is elected Mayor of New Orleans, with Democratic majorities in both branches of the Louisiana Council, and it was thought at New Orleans on the 23d that the State had gone for the Constitution and the Radical State ticket. The results in Georgia and North Carolina were still undetermined, but probably adverse to the adoption of the new Constitution.

The impeachment.

The Court opened at 11 a. m. on the 19th. The question as to the admissibility of testimony to prove that the President's Cabinet had advised him that the Tenure of Office act was unconstitutional, and that the duty of preparing a message setting forth objections to the constitutionality of the bill was devolved on Secretaries of State and the Chief Justice, decided in favor of admitting the evidence as applicable to the question.

The Chief Justice was overruled—29 to 20—and the evidence was not admitted. Secretary Wells was recalled, and the counsel proposed to ask him whether the question of the applicability of the Tenure of Office bill to Mr. Stanton was considered at any of the Secretaries' meetings.

His return with the objections of the President, and whether the opinion was expressed that the law should not apply to any of the Secretaries, pointed by Mr. Lincoln, objected to, and objections sustained—30 to 23; Mr. Evans declined to answer the question.

John Seifert, of Cincinnati, was recently found guilty of manufacturing five diseased cattle in a sausage, for his wholesale trade.

The Pennsylvania Legislature has passed a bill compelling railway companies to furnish the public with a fence five feet high.

A miserable old bachelor, who knows that the present is a life-long sorrow, says: "If you don't love me, you had better leave me, you had better be a little shy yourself."

Three young girls were sent to the House of Correction in New York, for enticing a child from his mother's door for the purpose of stealing his clothes.

The Montgomery City Council has passed a resolution to condemn the building of the South and North Alabama railroads, an extension of the Nashville and Decatur roads.

A Georgia humorist remarks on the story that "Thad. Stevens sent Brownlow word to let him burning," that there is no telling just how he will die, but he is certain to commence burning for water shortly afterwards.

Ulysses rode round the ring on a great horse, and Grant's biography by the old man, and now Connecticut is piled on top of both of them. It's a big thing for Ulysses.

If the impeachers are right, he will live in a land where his Chief Executive can be impeached and removed for an act of Congress, not only the constitutionality of which is questioned, but which the triers refuse to put to the test of legal interpretation.

The Troy Times (Rad.) knows that the army has been filled up with politicians and relatives and friends of Congressmen, and is distributed and run for their benefit.

It relates this: "At one of the forts upon the Northern frontier—a purely water defense—a full battery of flying artillery, with the necessary drove of horses and the equipments and men usual for service in the field, is maintained for the sole benefit of its commander, who happened to be a brother-in-law of Stanton's yoke-fellow, Holt. Every cent that the maintenance of this battery costs is paid out of his pocket."

The position of the Republican party, with reference to the impeachment and removal of Mr. Johnson, is well illustrated by a "little story."

"What do you think of impeachment?" said a gentleman to a Radical, a night or two ago.

"Well, I'll tell you. It's like the boy who was digging after a woodchuck like blazes. A man who was passing inquired: 'What are you doing, boy?'

"Digging for a woodchuck."

"You don't expect to get him, do you?"

"Yes, sir, by and by. I must have him; or we'll get out of the woods."

And this is precisely what the matter with the Radical gentlemen who are digging after Mr. Woodchuck Johnson.

Democratic Victories.

At the election in Chicago on the 21st, the Democrats achieved a rousing victory, electing the Judge of the Recorder's Court by 310 majority—a gain in one year of 48,000.

The result of the local elections in the cities of New York and Brooklyn are important additions to the cheering indications, on every hand, that the "sober second thought" is bringing back the popular mind from the passions that have so long obscured reason and overborne calm judgment in reason.

In Quincy, a city of not more than six or seven thousand inhabitants, the Democrats carry every precinct, with an aggregate gain of three hundred.

In Bloomington—a Republican stronghold since 1850—the Democrats elect their ticket by the handsome majority of 235.

Speaking of the result in Michigan, the Detroit Free Press of the 20th says: "The result is a great gratifying and satisfactory fact was imagined, even by the most conservative of the Democrats."

A comparison of the gubernatorial ticket with the members of the new Constitution, shows the following: In a total vote of 164,474, Crapo received a Radical majority over Williams of 29,025; while, in a total vote, as thus far reported, of 165,637, the majority against the Radicals is 39,477.

quite lately have kept up imposing appearances at an expensive rate, have suddenly and entirely disappeared from sight, and "To Let" almost the place where lately a building public applied for chances in the lottery in which every ticket-holder would draw the highest prize. The 23d of April was the day fixed for the drawing. Some thousands have been felicitating themselves over the prospect of becoming the possessor of the \$100,000 cash prize. Of course the fair had to end, and the managers have taken time by the forelock. The police authorities, of whom many inquiries are made, are powerless to give satisfactory answers, for so suddenly and completely did the Gettysburg Asylum scheme disappear from public view that even the sharp eye of detectives have failed to trace it to its retirement.

Leading journals, in calling attention to the tendency to concentration in commercial circles, which is noticeable in all branches of trade, give a very apt illustration by citing the unprecedented growth and absorbing capacity of the great Metropolitan Publishing House of Root & Cady, of Chicago, some of the items of which are very interesting.

They have past twelve months they have purchased the entire music catalogues of Ziegfeld, of St. Louis, of H. T. Merrill & Co., of Chicago; the entire list of Gabley Organ publications of Mass. Mason & Hamlin, Boston, and more recently the immense catalogue of the Toleman & Co., of Boston, which is the growth of thirty years of successful business in the most musical city of the country. The engraved plates alone value at over \$100,000. The concentration of catalogues added to their great stock of instruments, and the first mentioned firm the great central music publishing house on the Continent.

TESTIMONIALS.

HOOFLAND'S GERMAN BITTERS.

Philadelphia, April 26, 1888.

I have been frequently

requested to connect my name with recommendations

of different kinds of medicines, but regarding the

practice so out of my line, I have declined; but with

a clear proof in my own family, of the

value of Hooftland's German Bitters, I cannot

refuse to say, for general debility of the system, and

especially for Liver Complaint, it is a safe and valuable

remedy. In some cases it may fail, but usually,

I don't fail, it will be very beneficial to those who

suffer from the above named ailments.

Yours very respectfully,

J. H. KENNARD,

English, below Center St.

From Rev. E. D. FENDALL,

Ancient Editor Christian Chronicle, Philadelphia.

I have derived decided benefit from the use of

Hooftland's German Bitters, and feel it my privilege

to recommend them as a most valuable tonic, to all

who are suffering from general debility or from dis-

Official County Paper.

BY F. E. DU TOIT.

CHASKA SATURDAY, MAY 9, 1868.

### The Presidential Struggle.

All alike agree in saying that the Presidential contest of 1868, will be by far the most vehement and closely contested one that has yet convulsed the political world.

Both parties are girding for the contest, equally confident of success. The Republicans relying upon the military popularity of their candidate (Gen. Grant,) for success; not the justice of their cause.

Let us look over the field for a moment and see how the two great parties stand, leaving out the ten southern States which congress is attempting to disfranchise, the Democrats can with a fair canvas upon the bond question and for white man's supremacy in the administration of the Government, carry the following States, casting the number of Electoral votes assigned to each:

Connecticut.....	6
New York.....	33
New Jersey.....	7
Pennsylvania.....	26
Delaware.....	3
Maryland.....	7
Ohio.....	21
Indiana.....	13
Illinois.....	16
Kentucky.....	11
California.....	5
Oregon.....	3
<b>Total.....</b>	<b>151</b>

And may safely count on fifteen more electoral votes than are set down above—which gives them a clear majority, including even the ten southern States. 159 being the required number to insure a majority.

The radicals will probably carry the following States, including Tennessee and Missouri, which gives them 96 votes.

Maine.....	7
Massachusetts.....	12
New Hampshire.....	7
Rhode Island.....	4
Vermont.....	4
Michigan.....	5
Wisconsin.....	8
Iowa.....	8
Minnesota.....	12
Missouri.....	11
Nebraska.....	8
Kansas.....	8
Nevada.....	3
Tennessee.....	9
West Virginia.....	5
<b>Total.....</b>	<b>96</b>

Thus it will be seen that the contest has narrowed down to a very fine point, and the Democratic party must present a united front, east and west or their cause may be jeopardized. Personal preferences must be thrown aside and a man nominated who can command the vote of both sections and our preference is in Genl. W. S. Hancock of Pennsylvania, next Senator Hendricks of Indiana, either of whom are a tower of strength and can redeem our Country from the Jacobin misrule, into which it has been floundering for the last five years.

### IMPEACHMENT TRIAL.

Mr. Bingham concluded his speech Thursday evening which closes the arguments.

The Senate now has only to make up its verdict and judgment. The House was yesterday informed that it would be notified when its presence was again required, which will only be when the verdict is announced.

What may be the result is yet a mere conjecture. Washington is full of rumors pro and con, and one at a distance can form no idea of the excitement. In our opinion the President will be convicted.

### N. Y. Citizen.

This excellent journal makes its weekly visit to our sanctuary with its accustomed regularity. Miles O'Reilly still presides over its columns, assisted by an able corps of assistants. "Shadow on the Dial," by J. T. Walker is one of its attractive features in the literary line, while Genl. Halpin's vigorous and effective editorials on the political affairs of the day are no less entertaining. Terms \$4.50 per year. Address N. Y. Citizen, New York City.

### The Disgraceful Donnelly-Washburne Row—Donnelly's Out.

By our dispatches, it will be seen that the House yesterday provided a committee to investigate the charges made by Mr. E. B. Washburne against Donnelly. On a motion to suppress the indecent personal debate, Donnelly then withdrew his personal reflections on Washburne, and the latter withdrew what he had said against the former, except as to the charges in his letter! Donnelly concluded the disgraceful scene by a flat joke which was received as it deserved. The whole thing, is nothing but disgraceful and ought to outlaw from decent society all who took part in it—Donnelly's withdrawal of his attack, while Washburne withdrew, in fact, nothing, leaves the former the defeated party, without excuse, and covered with shame. So all parties say, and that is the public judgment.—Pioneer.

### The Sole Reason for Impeachment.

The New York Tribune, in an article on impeachment says:

The President is determined that the southern States shall return into the union with governments created by and recognizing the white vote only, while congress has resolved to confer the suffrage on both the black and white races, and to readmit the states only on the basis of impartial suffrage and loyal supremacy. This antagonism, in the fundamental problem of reconstruction, is the fountain and source of the whole difficulty between the President and congress.

That is as clear as the sun in the whole matter as we have seen anywhere, and the President is to be removed, not because he has violated any law; but because he declines to aid in establishing a negro empire on the ruins of ten states of the Union. Horace Greeley most distinctly announced to the world that that is the sole ground on which the impeachment is based.

### Equality of Taxation.

The Cincinnati Commercial (republican) says the people think more of the equality of taxation, at this time, than they do about the equality of races.—The Commercial thinks the present political aspect is not very encouraging to the radicals. It says: "The issues which the Republicans have of late made in the northern elections have either been carried by greatly reduced majorities, or have been decided against them. Ohio, by forty thousand majority, and Michigan, by twenty thousand, decided that the strict political equality of the white and black race is not yet fit to be established."

B. F. Rice, the newly elected Senator from Arkansas, resided in Mankato in 1861, and the Record says he was "an earnest Democrat, a gentleman of decided ability, and well calculated for a successful politician."

As a bait to insure Fessenden's vote for conviction of the President, he has been named as Minister to England under the Wade regime. Before taking the vote all the doubtful Senators have either been carried by greatly reduced majorities, or have been decided against them. Ohio, by forty thousand majority, and Michigan, by twenty thousand, decided that the strict political equality of the white and black race is not yet fit to be established."

Indian outrages in the West continued. On Thursday the savages killed four whites on the Black Hills. In New Mexico they have commenced serious depredations.

Gen. Schofield has issued an order postponing the election in Virginia on the ratification of the constitution until congress has made an appropriation to defray the expense of the election.

Official dispatches have been received of the late battle in Abyssinia, but they do not differ materially from the accounts already published. It is stated by some that King Theodore was not slain but committed suicide.

Startling intelligence has just been received from Australia. Prince Alfred who is visiting Sydney was, shot and dangerously wounded by an unknown person. The would be assassin, who is said to be Fenian, was promptly arrested. The Prince according to last advices, was slowly recovering.

Miss Nellie DeMars, of New York, has agreed to walk from Jersey City to Philadelphia in thirty-six hours, for \$100. The task is to be performed between the 15th and 22d of May.

At the trial of the Clerkenwell Fenian on Thursday, some of the prisoners swore that when Burke was arrested they found invisible ink on his person. Some other important testimony was taken when the prosecution rested.

### TO OUR PATRONS.

Believing that our columns are not complete without a resume of state news, we this week present a selection of the same upon our fourth page. We hope this effort on our part to add interest to our paper, will be received with favor by our readers, and may beget a corresponding interest in our behalf, by an effort on the part of our patrons to extend our circulation. We also invite correspondents from every town in the County, and upon application will gladly furnish stationery and postage for such purpose. The Herald is the organ of no man or clique; being owned and controlled exclusively by the Editor thereof, and it aims to serve the best interest of the County, regardless of the claims of any man, or set of men.

HABEAS CORPUS.—A. Viernell of Young America confined in the County Jail for assault, with intent to do great bodily harm upon the person of Mrs. Manneufel of the same town, was taken out on a writ of Habeas Corpus, and admitted to bail before Commissioner Smith in the sum of \$500, to appear at the next term of the District Court.

FLOUR AND WHEAT.—There has been shipped from Chaska since the opening of navigation no less than 7000 barrels of flour, consigned mostly to Chicago and St. Louis. The Mill at Carver has shipped a small amount, which together with the large amount of wheat shipped from Carver within the same time, makes a most splendid showing for our County. We have not the figures at hand, but safely say that Carver County cannot be excelled as an agricultural County. Though small in area, it is mighty in production.

J. H. GARDNER.—This well known gentleman, so long Asst. Supt. on the Valley Road, has received, and he well merits it too, the appointment of Superintendent of the Superior Road. Mr. Gardner's friends on the line of the Valley Road part with him with regret, but as he is bettering his position acquiesce in the change.

TIME TABLES.—Read the time tables of the Valley and St. Paul and Milwaukee roads in this issue. The time has lately been changed. The tables are correct.

DEPARTED.—It is not with pleasure, that we announce the departure of Mr. W. B. Newcomb and family from our midst, to take up permanent residence in St. Paul. Mr. Newcomb was one of our most respected citizens and he has left an army of friends here, who hope to welcome him back at no distant day.

WHEAT EXCITEMENT.—This article took a sudden jump upwards last week and on Thursday our merchants paid as high as \$1.90. The consequence was that our farmers took advantage of this good streak of luck and have brought in a very large amount during the week receiving from \$1.75 to \$1.80 per bushel. Whether it will go up higher or come down lower, you can't prove by us.

COMBS & WHITNEY.—The advertisement of this well known and reliable Book and Stationery firm, of St. Paul appears in another column this week.—They are so well known that a recommendation, otherwise than as a reminder seems unnecessary. Their place of business is 174 3d Street, St. Paul.

PERSONAL.—Chas. F. Keeler, the gentlemanly western agent for Barrett's Hair Restorative, made us a very pleasant call last week while in town on business.

L. M. Brown the well known and able lawyer of Shakopee was in town this week on legal business.

REAL ESTATE SALES.—Transfers in the real estate line have been quite brisk in the county for some time past, notwithstanding the scarcity of money.—The following are reported to us as of late transfers.

T. Lenzon of G. Poppitz, 60 acres, in Laketown for \$1,000.  
Fred Frank of R. Poppitz, 60 acres in Dahlgreve for \$900. Several other sales of farm property were reported but of so old a date, it would prove of little interest to our readers.

ALWAYS GET THE BEST.—Especially in getting Saleratus—as the best costs but a trifle for a year's supply, and that the good costs but a trifle more than the poor. The best goes farther than the poor, and much more healthy. We can recommend the Best Chemical Saleratus to be the best.

U. S. COLLECTION NOTICE.—We invite the attention of our readers to Collector Smith's notice in another column.

THE LADY'S FRIEND.—This splendid magazine for May is before us, abounding in the good things of the year.—Price \$2.50 per year with engraving. Address Deacon & Peterson 319 Walnut St. Philadelphia Penn.

"Barrett's Vegetable Hair Restorative" took the First Premium over all competitors at the New Hampshire State Fair. It stands confessedly without a rival throughout the country, and is driving all other preparations from the market.—G. A. Du Toit Agent.—Philadelphia Public Ledger.

NOTICE TO ASSESSORS.—Town Assessors will find something that will interest them by reading the Auditors notice in another column.

LAND FOR SALE.—We call the attention of the public to John Dunns notice of land for sale under notice of "Homes for the Homeless."

AN ERROR.—We inadvertently made an error in our last issue in speaking of Mr. Chitty as principal of the Academy. Rev. Mr. Reiske occupies that relation to the institute. Mr. Chitty being teacher of the higher department.

THANKS.—Messrs. Hecklin and Erdmanstorf will accept our thanks for a fine mess of fresh fish, from Minnetonka celebrated waters.

NEW ADVERTISEMENT.—Read the new advertisement of Henry Young, offering a new stock of Crocker, Willow ware, Baby wagons &c., at his old stand.

### Carver Items.

Our Special Correspondent.

E. HOLMES & BRO.—The advertisement of this well known and reliable firm appears in our columns today. Mr. Holmes received a very large stock of goods from Chicago a short time ago, and offers them for sale cheap. Call at his "old stand," Carver, Minn.

RIO LOAD.—The Steamer Mankato Capt. Geo. Houghton passed down last Friday with the largest load of wheat ever brought out of the Minnesota river by any one boat. She has in tow 2 of the N. W. U. Packet, Co. barges each containing 10,000 bushels, and she herself having 10,000 bushels in sacks total 20,000. It takes Capt. Houghton to command a boat with safety.

SHIPPED.—20,000 bushels of wheat was shipped from this port last week on the Flora, Hudson and Mankato.

BURNED.—The Barn of August Johnson, who resides 7 miles from Carver on the Henderson road, accidentally caught fire a week ago Wednesday and burnt to the ground, together with three splendid horses which were at the time hitched in the stable, and could not be rescued in time to be saved. This is a severe blow upon Mr. Johnson, who is a good hard working man.

ACCIDENT.—A boy of Peter Klevan 4 years of age, got a fish bone in his throat on Monday, and was in considerable pain for a time. It was finally extracted by Dr. Rogers, and the boy is now all 'O. K.'

IMPROVING.—We notice that Chas. Blomquist of the "Planters" is erecting a neat board fence around his hotel. It improves the looks of things materially in that direction.

NEAT PICKET FENCE has also put up a neat picket fence in front of his residence, besides other improvements.—Now for "shade trees and sidewalks."

PERSONAL.—Dr. E. Bray of Young America was in town last week. Mr. Paul Druggist at Saint Peter made us a pleasant call during last week. He informs us that business is rather dull at St. Peter at present. "The Rail Road" question is still the "question."

Mr. Bohrer of St. Paul spent several days in town last week. He was engaged in shipping wheat.

BIG SALE.—Henry Zanger Esq. of this place sold to Morrison Bohr & Co., of St. Paul last week 15,000 bushels of wheat. We believe the price paid was \$1.80.

EMIGRATION.—We counted no less than 24 emigration trains passing thro' town, destined for McLeod County last week, most of them came from Ohio and Kentucky.

REAL ESTATE SALES.—The following are the sales for the week ending April 30th.  
Peter Floodin to Wm. Kruse, 160 acres including stock, farming implements &c. 8 miles from Carver for \$3,500.  
John Preis, to Mich. Preis, 100 acres for \$2000 4 miles from Carver.  
Simon Ublecker, to Tillman Lenzon 80 acres, for \$2000, 5 miles from Carver.

Tillman Lenzon to Geo. Gottler, 80 acres for \$2,300.

VISITING.—N. Mahew and a Mr. White from Kewanee Illinois, have been spending a couple of weeks in town with their friend H. Rogers of the Hard-ware emporium. We would like to see them become residents of this place.

NEW GOODS.—G. A. Du Toit of Carver has received a new stock of goods, consisting in part of Oils, Paints, Brushes, Drugs &c. Make him a visit.

### SHERIFF SALE.

By virtue of an execution issued out of and under the seal of the District Court of the County of Ramsey, to me directed and delivered, upon a judgment rendered in the action lately pending in said Court, wherein William Bros. & Dunbar were plaintiffs, and Henry Sauerbrey and Christ Young were defendants against the said H. Sauerbrey. I have levied upon the property of said Sauerbrey certain land lying and being in the County of Carver and State of Minnesota, described as follows, to wit: The undivided one half of the piece and parcel of land, commencing at a point, from which the quarter post, between section four (4) and nine (9) bears east thirty five (35) rods, variation 11° 35' deg. E. thence north ten (10) rods, thence west sixteen (16) rods, thence south ten (10) rods, thence east on section line sixteen (16) rods, to place of beginning, containing one acre of land, and lying and being in the set of s.w. of section four (4) Township 115 Range 23.

Notice is therefore given that I will sell the said lands at public auction at the front door of the Court House in Chaska, on Saturday the 23d day of May, A. D. 1888 at 10 o'clock in the forenoon of said day, to the highest bidder for cash, to satisfy said execution cost of such sale.

## STATE NEWS.

Mr. Frank Daggett has again become proprietor and editor of the *Wabasha Herald*. Without endorsing its political heresies, it may truthfully be said that the *Herald* has done good service to Wabasha, and is entitled to a generous support.

One thousand dollars have been subscribed at Pine Island, Goodhue county toward the establishment of a Democratic paper.

The Winona Democrat says there will certainly be over three hundred residences erected there this season. This unprecedented growth is by no means premature, either, but is simply to supply the actual demand of those persons who have located permanently.

The Taylor's Falls Reporter says that 200,000,000 feet of logs were sluiced at Snake River within a week.

We learn from the St. Peter Tribune that Mrs. John Schubert, residing about two miles from St. Peter, in Le Sueur county, was drowned Thursday forenoon. She went to her well after water, and slipping near the edge, fell head first into about 12 feet of water. Being missed, search was instituted, and the body of the unfortunate lady was found.

The Mankato Union says J. B. Hubbell, of that city, has purchased of the Valley Railroad Company the whole of section 13 in the town of Lincoln. It is his intention to have it broken this summer. There are at least 600 acres of arable soil, and when fenced and put under cultivation it will be the largest farm in Blue Earth county.

It became our painful duty to record the death by drowning, of Guy Bivins, a son of Levi Bivins of this place. Guy, who was six years old, was missed last evening (Thursday) about half past six o'clock, and no one could find him. The search was continued during the night, and this morning they commenced to drag the river. His body was found about a mile down the river near Bull Run. It is supposed that he fell in the river while fishing, as he was near the bridge about half past six o'clock. The community deeply sympathizes with the afflicted parents.—Northfield Recorder.
